

PVD 600

MECHANICAL POKER

Easy to handle vibrator.

Portable drive unit for poker vibrators.

- 230V single-phase drive unit, power rating 600W.
- Small and adaptable, mechanical poker vibrator for small castings.
- Drive unit with built-in reduction gear. The pendulum function in the vibrator tubing ensures that vibrations transmitted to the handle are minimized and that the noise level during operation is low.
- Shaft and vibrator tube in one unit, different tubing lengths and tube diameters.
- User-friendly and fitted with a quick coupling for shaft replacement.
- Drive unit with two handle positions, one for floor casting and one for wall/column casting.
- Reinforced cable against bending.
- Shoulder strap.

TECHNICAL DATA – SWEPAC PVD 600

Suited for	Flexibel shaft and mechanical tube
Motor, electric	230V, 1-phase, 50 Hz
Speed, drive unit	4 400 rpm
Frequency, vibrator tube	12 000 p/min

TECHNICAL DATA – SWEPAC PVD 600

Power, output	0.6 kW
Weight, drive unit	3 kg
Shaft length	1, 2, 3, 4 m
Tube diameter	28, 38, 45 mm

Swepac is Sweden's leading manufacturer of soil compactors. The company has a wide range of products, with different motor options and a variety of sizes for every application. Swepac is certified for quality and environmental management under ISO 9001 and 14001, and our machines are Eurotest-certified by SMP Swedish Machinery Testing Institute. You will find detailed information about the company and our products on our website, www.swepac.com. We reserve the right to make changes in technical specifications without prior notice.
